About this Guide

Beyoncé's visual album *Lemonade*, aired on HBO Saturday, April 23rd for a "one-day event," and is available for download on iTunes and Amazon, and available for streaming on Tidal. There were lots of collaborators and designers involved with *Lemonade*. This guide lists a few places to learn more about the album.

On June 8, 2016 Decker Library (@deckerlibrary) hosted a Twitter chat to discuss 'Lemonade,' #libeyrianship, and what is included on this guide.

Exploring the research methodologies of artists in Beyoncé's 'Lemonade' #libeyrianship

Yesterday I published a research guide on Beyoncé's visual album Lemonade.

Below explains why I, as a librarian, am interested in this body of work.
